

# EXTERIOR LIGHTING

Learn the way lighting impacts our landscapes, night sky, and experience of outdoors. Through educational sessions, exhibit floor features, and industry dialogue – join the conversation about light at night.

## TUESDAY May 6

- 1:00 PM** Shaping a Better Nighttime Through Responsible Design
- 2:00 PM** The Hidden Cost of Light: Specifying Controllable Low CCT and Amber Outdoor Lighting to Combat Light Pollution
- 2:00 PM** Luminous Connections: Exploring Innovative Bridge Lighting Design
- 3:15 PM** Illuminating Public Spaces in a Way That Attracts Residents and Respects the Fauna and Flora
- 4:30 PM** Designing for "The Edge" - Urban with Rural, Human with Animal

## WEDNESDAY May 7

- 3:15 PM** Raising the Curtain on Light Pollution

## THURSDAY May 8

- 11:00 AM** The Power of Lighting in the Collective Memory of a City: Historical Narrative of a City, Through Lighting, From the Antique Classic Sources to the Newest LEDs

## OUTDOOR PAVILION

Free to showfloor attendees. No prior registration needed. Variety of exterior topics.
