The Lighting Innovation Awards (LIAs) Are Back & Remastered for 2025! The stage is set, and the spotlight's on you. Think your innovations have what it takes to steal the show? Submit your product below for the most coveted honor in the lighting industry at no-cost. Plus, every entry will be highlighted! Please be sure to review all guidelines and have materials ready before submitting.

DEADLINE EXTENDED! Submissions Due: Friday, February 7, 2025 @ 11:59 PM

The number of submittals is tied to each exhibitor's square footage. Separate booths under one contract are counted as one booth with total sq. footage as outlined in contract. The submitted product (or prototype) must be ready and showcased at Lightfair 2025. An independent panel of judges will review each submission and the winners will be announced at Lightfair 2025. Awards will be given to "Best Product of the Year," "Design Excellence," "Technical Achievement," and "Judges Citation," as well as "Best of Category" Awards. The panel reserves the right to move/consolidate product categories to ensure comparison of like products. The panel also reserves the right to edit submissions for reasons such as proper lighting language, emphasis on product performance, etc. All decisions by the LIA judges are final.

Number of submittals is based on booth size. If you'd like to submit more products than your booth size allows, please consider a booth upgrade:

- 10' x 10' and 10' x 20' booths (100/200 sq. ft.) = 1 product
- 30' x 10' and 20' x 20' booths (300/400 sq. ft.) = 2 products
- 30' x 20' and 40' x 20' booths (600/800 sq. ft.) = 3 products
- 30' x 30' and 50' x 20' booths (900/1000 sq. ft.) = 4 products
- 30' x 40' or 40' x 30' and 30' x 50' (1200/1500 sq. ft.) = 5 products
- Booth size greater than 1500 sq. ft. = 8 products

Eligibility:

The Lightfair Innovation Awards are only open to Lightfair 2025 exhibitors and for new products launched between Lightfair 2023 (May of 2023) and Lightfair 2025. This must be the first time a product is being entered for the LIAs.

ONE completed entry form is required for EACH product entered.
