

FOR IMMEDIATE RELEASE

2022 LIGHTFAIR CONFERENCE & TRADE SHOW REGISTRATION NOW OPEN “Early Bird” Registration Closes April 16

LAS VEGAS – February 16, 2022 – Follow the lights to Las Vegas for the 32nd edition of the LightFair Trade Show & Conference, June 19 – 23, 2022 at the Las Vegas Convention Center. LightFair’s 2022 Trade Show (June 21-23) will present nearly 300 exhibits, and the Conference (June 19-23) will offer 46 sessions. Registration is at www.lightfair.com/registration.

“We love connecting the lighting industry annually, and we can’t wait to welcome the LightFair community to the west coast for the first time in eight years,” said Dan Darby, show director. “LightFair’s Las Vegas 2022 trade show and conference are coming back bigger and brighter to serve as the center for powerful business networking and sourcing.”

LightFair Conference Programming

With 46 sessions, ranging in length from one hour to two days, the 2022 LightFair Conference will feature five learning tracks, offering a total of 132 CEU credits, June 19 – 23:

- The **Art + Inspiration** track explores sources of inspiration that inform design and technology development.
- The **Design Guidance + Tools** track covers the latest energy and building code changes, new design metrics, design and measurement tools, controls and more.
- The **Evidence-Based Design** track focuses on end-user data and techniques used to achieve specific design goals. The **Experiencing Light** track explores the influence of light on the human experience and natural ecosystems.
- The **Technology** track explores the newest design tools and software, lighting controls, IoT lighting, 3D print technology and more.

The full conference schedule is available on www.LightFair.com/browse/#/conference.

LightFair Trade Show Offers Three Days of Product Discovery, Networking and On-Floor Education

Over three days, LightFair will present nearly 300 exhibitors at its trade show June 21 – 23 and will include five pavilions:

- **Design Pavilion:** showcases domestic and international high-style, decorative commercial designs and products including cove, linear lighting, chandeliers, sconces, pendants and flush-mounts, as well as custom fixtures. Also located here is The Designery – a new networking hub featuring high-end lighting fixtures and solutions, as well as Design Synergist presentations led by lighting designers, architects, specifiers and interior designers.
- **Outdoor Pavilion:** features manufacturers offering environmentally responsible exterior lighting: municipal, city and street lighting, lighting for recreational/sporting events, landscape lighting, road and tunnel lighting, control systems, directional, path, step and area lighting, bollards and underwater lighting. Innovations focus on efficiency, safety, aesthetics, accessibility and security. Trade show attendees can also learn from the Outdoor Pavilion’s new Outdoor Exchange educational series.
- **Smart Pavilion:** focuses on the latest trends, products and ideas in smart lighting and building solutions using sensors, controls, connectivity and data analysis to maximize efficiency, energy savings and end-user comfort via IoT and Intelligent Lighting. Trade show attendees can also learn from sessions in the Smart Pavilion’s new Tek Talk series.
- **New Exhibitor Pavilion:** presents first-time exhibitors’ products and technological advances in architectural and commercial lighting.
- **The Collective:** a space on the show floor reserved exclusively for manufacturers who are IALD LIRC or IES sustaining members, offering a special opportunity for attendees to explore unique products by select manufacturers and to experience a show within the show.

The LightFair trade show will include informational and curated pavilion tours to keep attendees up-to-date on new trends and innovations, including the LightFair Innovation Award Winner tour. New Attendee Orientation sessions will teach first-time visitors how to navigate the exhibit floor. The exhibit floor additionally will feature daily speakers providing sessions that are leading direction of industry designers and specifiers in **The Designery**, exhibitor spotlight sessions at **LightFair Live**.

“Early Bird” Registration
